MANILLA IOWA, THURSDAY JUNE 1, 1916

A CUMBERLAND SALE

—gf—

SCOTCH SHORT HORNS

To be held at the Cumberland Stock Farm

MANILLA, IOWA

THURSDAY, JUNE 1, 1916

C. A. SAUNDERS & SONS, - Proprietors

Kindly bring this Catalog with you to the sale

The Fred Hahne Printing Company, Exclusive Sale Catalogue Printers, Webster City, Iowa

Announcement

Brother Breeders, Farmers and Lovers of Good Short Horns:

IT IS WITH PARTICULAR PLEASURE AND PRIDE that I am able to offer you this consignment of the best Short Horn cattle that ever went into a sale in America. I feel that I started at the very bottom of the class in the breeding business, and by good judgment, hard work and stickability have brought this herd of "Cumberlands" to the very top to reach this goal. Most of you know what we have had to contend with, but I feel I have reached the place where you all take pleasure in my success. There will be 50 head of as good cattle as were ever bred. We will endeavor to keep step with the requirements of the breed at all times. You will give me great pleasure if you will visit the farm on sale day and see what we have done with the "Cumberlands".

Guarantee

We believe all animals offered in this sale to be breeders. All cows with calves at foot are considered breeders and no further guarantee will be given with them. All heifers bred in open are guaranteed breeders, with proper care, unless we make exception in the sale ring. In case any female fails to come up to this guarantee (if in as good condition as when sold) may be returned to the farm after 6 months at purchasers expense, and if we fail to get her in calf, will replace her as near as possible and try and satisfy both parties concerned. All bulls guaranteed breeders with proper care and not allowed to run with the herd. In case any bull fails to breed after three months he may be returned to the farm (if in as good condition as when sold) at purchasers expense, and if he fails to breed for us, will furnish another bull or try and satisfy the purchaser. If said bull breeds for us, will be returned to purchaser at his expense.

Terms

Cash, but parties desiring time may have 6 months on approved note bearing 8% interest.

Clerk

Sears McHenry, Denison, Iowa.

Auctioneers

Jones, Reppert, Kraschel and Milne. Bids can be sent to any of these auctioneers.

"The Cumberland Stock Farm"

Is located 2 miles S. W. of Manilla on main line of Chicago, Milwaukee & St. Paul R. R.; 400 miles west of Chicago; 60 miles N. E. of Omaha; 90 miles S. E. of Sioux City, and 100 miles west of Des Moines.

Other Sales

Jos. Miller, Granger, Mo., May 30th.

Frank Toyne, Lanesbore, Iowa, June 2d.

Mr. James J. Hill of St. Paul, Minnesota, and Col. F. M. Woods of Lincoln, Nebraska, have been invited to attend this sale and will make short talks.

A Review of the First 19 years of my Experience Breeding Short Horns

THROUGH the influence of our Grand Veteran Auctioneer Col. F. M. Woods I bought my first cow in December, 1896, of Mr. Henry Davis at Defiance, Iowa, but, at that time, was not thinking much about going into the breeding of cattle, as I raised horses. However, it gave me something to think about in regard to the stock side of farming, and the profits of it. As most of you remember, along in the nineties we farmers and stock raisers had a hard time to hold our jobs. I have bought good, eighteen hundred pound horses for \$45.00, and at one time bought eight grade cows and seven good calves for \$80.00, and there was not much profit in them at that. I remember of taking horses up to the woods in Wisconsin and Michigan and trading them for lumber at \$3.50 per M, shingles 50 cents per M (but they would not handle and load them into cars at that price) and cedar posts at one cent an inch, top measurement, but nothing over 6 cents, even if they measured ten inches. Now, think of having a train-load of such material one thousand miles away from home and no money to pay freight, but we got it some way, and got rid of the products of the woods in the same way.

But, the cattle business is altogether different from what the horse business was in the nineties, and, by way of the following, will tell you the difference: I was signing checks in South Omaha one day to the amount of \$12,000.00, the proceeds of one of my Breeders' Sales, and a horse commission man said "Charlie, what are you doing?" I replied, "making these checks so that I can get money on them." He asked me if I knew anything about the men who gave them. I said I did not. He told me that, if any man had given him a check for a horse, he would telegraph ahead and find out if it was good, before he would let the horse go, but not so with the man who is buying cattle, I will accept his check at any time. In all of the 19 years that I have received checks for cattle, I have never had one turned down for lack of funds. The remarks of that horseman fit well with a story I some times tell: "Soon after I got started in the cattle business, people used to ask me

why I quit the horse business and I would tell them that I was the only **honest** one left, so **had** to quit."

Now, I will go back to the days when I started in with what, I hope, will be the finish of my life-work:

My first cow was a Miss Motte, and a very good one, and my first registered Short Horn bull was Cumberland 118578. The first calf I got I called Cumberland's Chunk, thus showing that he was along the TYPE I was trying to breed, and he was shown at the International at Chicago, winning Champion of the Breed and Reserved Grand Champion.

The next calf I showed won fourth and I sold him for \$475.00. So you must know that I began to realize that I was breeding cattle that were about right, when I could win in a place like the International at Chicago.

The next time I entered the show ring at Chicago, I showed Cumberland's Banner Bearer, and he stood next to Ceremonious Archer, F. W. Harding's Grand Champion. So I thought that was "going some" for a breeder that no one knew to stand next to this great calf.

By this time, I had begun to get hardened to the show-ring and to know something about what was needed in order to win at such big shows as the International. I kept **going**, and, in the year of 1911, had out young herds that won **thirteen first prizes**, also get of sire, at the world's greatest shows, a feat that, heretofore, no breeder had ever accomplished.

Now comes CUMBERLAND'S TYPE, who, by his performance has branded himself as **the greatest two-year-old** Short Horn bull in America, winning 36 Champion ribbons, without a defeat; is sire of the calf-herd and of Modern Type, who won Junior Champion and Reserved Grand Champion of 1915, at the Western Live Stock Show at Denver, and sold for \$2,500.00 to David Warnock & Sons, of Loveland, Colorado. When the Judge said that (Modern Type) was **better than his sire**, I felt a pride that I will never forget, for it convinced me that I was **improving the breed**. Just to think of a two-year-old bull siring calves, the first five of which brought \$5,450.00. **What more do we want?**

Now, just a few things that a new breeder will have to contend with that will embarrass him when meeting buyers and making sales: I recall having had a letter one time from a man from Linn Grove, Iowa, who was coming to see me and wanted to buy a bull. In my mind, I pictured him as a man to whom it would be impossible for me to sell, but, when he came, I found that I was mistaken for I never met a better gentleman to deal with, and sold him a bull for \$350.00, and let me tell you this man proved to be one of the best friends I ever had.

I once received a telegram from parties at Lodi, Wisconsin, saying they wanted to buy a CUMBERLAND'S LAST bull. At that time, I felt I was not in a position to meet them, as I knew they would have to have something out of the ordinary. We had a bull that we did not want to sell, but felt that we must put a price on him, and the facts are that they bought him at \$1,000.00, and he only five months old; and last year, at Wisconsin State Fair, he won the get of sire. The other bull, Barmpton Cumberland, which they bought at the price of \$400.00, was, I think, one of the best breeders I ever sold. I saw fifty calves in their pasture at one time, which was a sight such as I had never before seen and never expect to again. They knew what they wanted, and bought it when they saw it. So, Breeders, when you are in the market and see what you want, buy it and you will allways feel you did the best you could.

The breeding of improved stock of any kind is a **grand business** if it is carried on in a business like way. Think of opening a gate and driving out between \$70,000 and \$75,000 worth of stock at one time. That has been done on two different occasions in our county.

Not very long ago we heard of the sale of the grandest of all Percheron Stallions, Carnot 66666 (66666), when a half interest in him sold for \$20,000. Do you suppose the owners and breeders of such stock carry on their business in any other than a straight forward, business-like manner? Certainly not.

Above all see other people's stock with the same fairness you do your own. I never thought much of a breeder who could not see **good** in any other man's stock than his own. Be fair and honorable in all things.

Yours very truly,

Cumberland Stock Farm

The Cumberland's "Roll of Honor"

For 19 years I have stood by the Cumberlands, having implicit faith that they were what was needed. With the changes of agriculture that have come to us during the past 15 years, and with corn at 75 cents and oats 50 cents, we must establish a type of cattle that we can get on the market sooner than we have during past years, and, if you will look well at CUMBERLAND'S TYPE, you will be convinced that I have succeeded.

First Generation

CUMBERLAND 118578 sired the Champion of the breed in the steer classes at the International at Chicago in 1902, the three pure bred steers in 1904, and, in 1905, Cumberland's Last, who was Junior Champion of the same place, and sold to Hon. F. O. Lowden of Illinois for more money than any bull of his age. However, as I did not have the best of cows during the early part of my breeding operations, I did not get the quality that I should have had, but before he finished I did get started breeding with a few good cows, and he, (Cumberland 118578) did good service until eleven years old.

Second Generation

CUMBERLAND'S LAST 229822 sired King Cumberland, Junior and Grand Champion at Chicago in 1908, Susan Cumberland, Junior Champion at the same place, and Grand Champion female and the Get of Sire in 1910. In 1911, at thirteen shows, his get won the following:—

Harlan, fourteen firsts, twelve seconds and five championships.

Des Moines, twenty-three firsts, fifteen seconds and five championships.

Lincoln, thirteen firsts, four seconds and three championships.

Hamline, nine firsts, two seconds and one championship.

Huron, twelve firsts, two seconds and three championships.

Topeka, eight firsts, three seconds and three championships.

Hutchinson, five firsts, four seconds and two championships.

St. Joseph, twelve firsts, one second and one championship.
Oklahoma City, thirteen firsts, four seconds and five championships.
Kansas City, five firsts and four seconds.
International, three firsts and eight seconds.
Denver, Col., seven firsts, four seconds and three championships.
Sedalia, Mo., eight firsts, two seconds, Junior Champion bulls.
(The young herd was undefeated at those thirteen shows.)
Hamline, Silver Punch Bowl, valued at \$485.00, making the second punch bowl won
by us and given by the same firm.

Third Generation

CUMBERLAND'S BEST 334805, sire of Cumberland's Type, was a bull that was
surely named right. The following is a part of the Roll of Honor:

1913

Junior Champion of Iowa State Fair.
Junior Champion of Minnesota State Fair.
Junior and Grand Champion of South Dakota State Fair.
Junior and Grand Champion of Sioux City Interstate Fair.
Junior Champion at the American Royal, Kansas City.
Junior Champion at Chicago International and of Young Herd where ever shown.

1914

St. Joe, Mo., Cumberland's Type, first, Junior Champion and Grand Champion bull.
Gipsy Cumberland 3d as a calf, first, Junior Champion.
Calf Herd, first.
Get of Sire, first.
Produce of Cow, first.

At Des Moines, Iowa, Hamline, Minn., Huron, South Dakota, Sioux City, Iowa,
and Sedalia, Mo., they made the same winnings, and, in many places much more.

1915

Des Moines, Iowa, two-year-old bull, first, Senior Champion and Grand Champion.

Two-year-old heifer, first, Senior Champion and Grand Champion.

Aged Herd, first.

Get of Sire, first.

Produce of Cow, first.

And many other prizes.

Hamline, Minnesota, two-year-old bull, first, Senior and Grand Champion.

Two-year-old heifer, first, Senior Champion.

Senior Yearling heifer, first, Junior Champion and Grand Champion.

Aged Herd, first.

Get of Sire, first.

Produce of Cow, first.

If you will notice the Des Moines winnings and those of Hamline, Minn., you will find that Lavina Cumberland 3d was pronounced the Grand Champion female at Des Moines, Iowa, and Gipsy Cumberland 3d was pronounced the Grand Champion female at Minnesota State Fair, thus showing we had three Grand Champions in one year, and all sired by the same bull. Has any herd ever had an equal.

Sioux City, Iowa, two-year-old bull, first, Senior and Grand Champion bull.

Two-year-old heifer, first and Senior Champion.

Senior Yearling heifer, first, Junior and Grand Champion female.

Aged Herd, first.

Young Herd, first.

Calf Herd, first.

Get of Sire, first.

Produce of Cow, first.

Douglas, Wyoming, two-year old bull, first, Senior and Grand Champion bull.

Junior Yearling Bull, first.

Senior Bull Calf, first and second.

Two-year-old Cow, first and Senior Champion cow.

Senior Yearling Heifer, first, second and third, Junior and Grand Champion female.

Senior Heifer Calf, first and second and the Champion calf of show and winning a fine silver cup.

Aged Herd, first.

Young Herd, first.

Calf Herd, first.

Get of Sire, first.

Produce of Cow, first.

At this show the judge said (and I consider him one of the best judges of beef cattle in **America**) he considered Cumberland's Type the best stamp of beef bull he had ever seen and pronounced him the grandest Short Horn bull in the world. And in three months from that time his calves, all less than one year old and his first crop of calves at that, were good enough to win the calf herd at the Western Stock Show at Denver, Colorado, and Modern Type, the calf at the head of this calf herd, won the Junior Champion of the show, defeating the Junior Champion of the American Royal at Kansas City, Mo., of 1915. This calf, only nine months old, was sold to David Warnock & Sons, of Loveland, Colorado, for \$2,500. No two-year-old bull has ever stepped into the field as such a sire of winners with his calves so young.

Now friends, is this not proof enough to convince you that the Cumberland blood is the blood that you should have to start a new herd and to put into your well established herds?

Are not these facts and figures enough to convince any fair-minded man that I was right in pinning my faith to the **grand blood** of the **Cumberlands**?

Yours very truly,

Cumberland Stock Farm

(Signed)

C. A. SAUNDERS.
